Streetsville, April 1, 1940

A meeting of the Streetsville Council was held on the above date at 7.30 P.M. in the Council Chamber.

Present: Reeve C.H.Falconer, Councillors: Wm. Potts, H.F.Godard, C.E.Cantelon and S.S.Rice.

Minutes of the previous meeting were read and adopted.

The Clerk presented By-law #803 being a by-law to provide for the closing of a portion of Maiden Lane to vehicular traffic and for the erection of barricades to enforce the due observance thereof. He advised Council that all requirements of advertising etc had been complied with in accordance with the Act.

The Reeve then called on any persons who had any objections to the closing of the street to now voice their objections and they would be considered by Council.

Elmer Russell protested that the closing of Maiden Lane would inconvenience him in getting his transport trucks in and out of his garage and also that he felt it would be detrimental to his property.

Mr. Chas. Bowyer appeared on behalf of V.C.Johnston and stated he would oppose the closing of Maiden Lane as his client would suffer and his property depreciate in value if the Street were closed. He stated that the advertisement carried in the paper notifying the public that it was the intention of Council to close the street was insuficient in that it did not give any of the particulars of the proposed by-law. Also that the property owners had not been notified directly of the intention of Council to pass the by-law. He therefore disputes the insufficientcy of ingress and egress to his client's property.

Mr. Johnston addressed Council and stated that it would be a mistake to close Maiden Lane as the street continues on East of Church St., and the closing would depreciate the value of the property now served by this street.

After hearing the above objections, Council gave the proposed by-law its first reading, it was then decided to hold it over for further consideration before giving it a second reading. ByLaw 803

Wm. Lovatt addressed Council and asked it was their intention to get any cinders for the walk on Tannery Street. He was advised that Council had not had an opportunity of checking the roads and walks yet but they would consider his request when they did.

Mr. Gordon Battle addressed Council and complained about the nuisance created beside his property by reason of tenants living in the cottage on the Buck property dumping their wash water etc where it would run on to his property and also of the outside toilet Mr. Buck has erected near his fence which he stated was unsanitary. He also complained about the wash water from the war washing in the Buck Garage was allowed to run across the sidewalk onto Pearl St and had washed out part of his gravel drive and also that the overflow from the syptic tank on the Buck property frequently overflowed and ran down the open ditch on Pearl St., He asked Council to take some action to have the matter cleaned up as he had complained to the M.O.H. on several occassions las year but had received no satisfaction.

Mr. V.C.Johnston complained about sewage material drainging onto his property in the vicinity of the Legion Hall and asked Council to have the M.O.H. take the necessary proceedure to have the nuisance abated.

The Reeve stated that the M.O.H. was now serving with the Canadian Army Medical Corp at Ottawa and that it was difficalt to deal with the above matters until a new M.O.H. had been appointed.

Moved by S.S.Rice seconded by H.F.Godard:
"That the Clerk write Dr. Montemurro pointing out that as he is not now available to continue the duties of M.O.H. and as there are several matters that must be attednded to at once, the Council feel that Dr. Montemurro should tender his resignation in order that matters of Public Health may be adequately dealt with."
